What happens next?

The clinical faculty will review all applications beginning April 19, 2024.

You will receive the results when course enrollment opens in May. At that time, you will see if you were admitted or wait-listed for a clinic. If you were denied, the clinic will not show up on your schedule.

You may drop clinical courses during the course enrollment period. However, you cannot add clinics during that process. You must be mindful of scheduling conflicts and credit limits during course enrollment. More details will be available at that time.

Questions? Feel free to email the Law School Registrar's Office (law.registrar@cornell.edu) if you have questions or concerns about the clinic application process.
